## SPECIAL NOTICE

This list is intended for the TRADE ONLY. If it reaches people NOT entitled to Trade Prices, we will thank any Nurseryman or Florist to advise us, so that our mailing list may be corrected. We do not employ agents. We do not pack dealers' orders on our grounds. We do not authorize dealers to use our name.

**ALL PRICES ARE SUBJECT TO MARKET CHANGES**

## **TERMS AND CONDITIONS**

### **TELEGRAPHIC INQUIRIES**

If you fail to receive a telegraphic reply to a telegraphic inquiry, it means that we CANNOT supply goods wanted. Our rule, in such cases, is to immediately acknowledge your wire by mail.

### **SHIPMENTS**

PLEASE state how you want your shipments made, whether by freight or express; also route. Where no instructions are given, we will ship as we think best serves your interest without assuming responsibility.

### **TRANSPORTATION RISKS**

While we use every means at our command to secure prompt delivery, WE ARE NOT LIABLE FOR DELAYS IN TRANSIT; OUR RESPONSIBILITY ENDS UPON DELIVERY IN GOOD ORDER TO CARRIER. Remedy for loss must lie between the buyer and the carrier, but we will always render all the aid we can.

### **TERMS — NURSERY STOCK**

1. Cash with order AND ALWAYS ADD 5% for PACKING CHARGES. No more free packing.
2. To customers with known or approved credit rating, Net 30 days, 2% 10 days.
3. C.O.D. Orders must be accompanied by at least 25%.
4. **All Boxes and Bales Are Extra At Cost.**

### **TERMS — SUPPLIES (Always Net)**

1. Cash with Order or C.O.D.
2. Net Cash 10 Days to known or approved credit rating.
3. **No Cash Discount On Supplies — and no packing charges.**

### **PRICES**

This List is intended for the TRADE and should be found only in the hands of people who buy our products for resale at a profit.

We price "Per 10," "Per 100", and "Per 1000." To obtain the lowest published price on Naked Root deciduous stock your order must consist of at least fifty plants and not less than ten of a variety or grade.

Orders for less than ten of a variety or grade, will be invoiced at an ADVANCE of 50% OVER THE TEN RATE, REGARDLESS OF THE SIZE OF THE ORDER, except Conifers and Broadleaved Evergreens where 5 plants at the 10 rate and 25 plants at the 100 rate are available.

Prices do not include packing charges. For cost of bales and boxes see Page 3.

**ALL PRICES ARE SUBJECT TO MARKET CHANGES**

## GRADES

We grade liberally. All shrubs of specified sizes are well furnished and well rooted. Culls are as rigidly excluded from the lightest grades listed as from the heaviest stock. Our rule is, 'WHEN IN DOUBT, PUT IT IN THE LOWER GRADE.' Detailed information as to method of grading Hedge Plants and Roses is given under such heads.

## CLAIMS

All claims must be made immediately after receipt of stock.

## LIABILITY and NON-WARRANTY

All quotations are for immediate acceptance and subject to stock being sold. All bookings are without liability to us should injury befall stock from frost, hail, fire, or other causes beyond our control, and subject to the standard form Non-Warranty Clause which reads: "We give no warranty, express or implied, as to description, productiveness, or any other matter, of any nursery stock, seeds or bulbs we sell."

## COMBINATION CARLOAD SHIPMENTS

When possible we combine shipments into carloads for distribution at Chicago, Cincinnati, Rochester, and St. Louis, often to other points, giving you benefit of car freight rate (plus the handling charge billed us by transfer companies) and quick through refrigerator car service.

## PACKING CHARGES

We use bone-dry, high grade boxing lumber that is light and strong, and makes a good looking package.

## QUANTITIES TO SUIT PURCHASER

AVGAGE SHIPPI NG WEIGHT	Bare Root Stock .....	30 to 50	Pounds Per 100
	Potted Stock .....	25	Pounds Per 100

Chase's famous Evergreen liners are two year field grown under ideal conditions to produce the best possible root system. "Watch Chase's Liners Grow into Dollars For You."

All of these Conifers are grown from cuttings, and transplanted in the fields at least twice, except those marked "POTS". Meaning grown in pots of the size specified. These field grown plants are not to be confused with bed or frame grown stock. They have grown at least one and in some instances two years in our full forty-two inch rows where they have had the assiduous care of an Alabama Darky and his friend, "The Mule". They have derived great pleasure from the care of these trees and in some instances two years in our full forty-two and a half inch pots of sphagnum moss in ventilated cases for shipping. Potted stock will be shipped in paper pots of usually packed in mud as dug and the roots care-fully will be puddled in mud until they will be shipped. Potted stock will be shipped in paper pots of usually packed in sphagnum moss in ventilated cases for shipping. Potted stock will be shipped in paper pots of usually packed in sphagnum moss in ventilated cases for shipping.

**57-X. TREE COUNTER—Improved:**

The mechanical Tree Counter was originated by Robert Chase. This new "Featherweight" Denominator is made of metal throughout except the plastic composition key tops. Attractively finished in tobacco brown color. The wheels are driven by gears equipped with special locking device which prevents inaccuracy. The indicating wheels contain large bold figures easily and quickly read. As the operator passes down the row he presses key indicating grade of tree. When through with a variety the dial shows total number of each grade in block. Complete with belt attachment — just swing it around your waist. Each unit counts to 1,000. One revolution of the Reset Knob returns ALL units to Zero.

**76-A. TREE PAINT—“43 For the Tree”:**

This is designed primarily for use in painting stubs and surfaces after pruning, or for painting cavities before filling. It is used very successfully by many tree surgeons and landscape gardeners. A can of it should be in the kit of every home owner who uses pruning saws and shears. It is most healing in its effect. Comes in either PLASTIC or LIQUID form.

LIQUID FORM is a heavy liquid that forms an air tight coating and should be applied on all pruned surfaces where the limb is  $\frac{1}{2}$ -inch in diameter or larger. The medicinal oils penetrate into all parts of the cut or wound. The acids and disinfectant odors will drive away worms.

PLASTIC FORM is used in filling small cavities, cracks, crotches, etc.

Prices are the same on both LIQUID and PLASTIC. State which is wanted.

Per Gallon can, f.o.b. Chase ..... \$ 2.50  
Per Quart can, f.o.b. Chase ..... .80

**77. TREE WRAP:**

In rolls 4" wide, 8" in diameter, containing approximately 55 yards. Weight about  $2\frac{1}{2}$  pounds per roll.

Always start the wind at the top so that the lap will gather moisture.

Wrap to base of tree. Tie in place starting at base and spiraling in opposite direction of paper.

Per Roll, f.o.b. Chase ..... .70  
Per Roll, 10 rolls and up, f.o.b. Chase .60
